👉 School Perseverance Week is Feb. 12 until Feb. 16th! 👉 Be sure to check out the new PHS Guidance Life Facebook page to see the activities PHS participates in.

💡 School perseverance is everybody's business. Did you know that 32% of young people have thought about dropping out but decided to stay in school because of encouragement from others?

☀️ Persevering at school means making the effort and finding motivation to earn a diploma or qualification. To do so, students must believe in themselves and embark on a path that is meaningful to them. The simple act of envisaging themselves in the future and nourishing their dreams and passions will foster motivation and commitment throughout their schooling. ☀️

➡️ Today it is more important than ever to work together and coordinate our actions to encourage Québec's young people to stay in school and achieve academic success, and to mitigate the dropout problem. Together, let's continue to give our young people a safety net. Let's be caring and supportive so that they all want to persevere at school and can be happy while achieving their potential. In the right environment, all young people can persevere.
